

United States Postal Service  
**PETITION FOR CHANGE IN MODE OF DELIVERY**  
*(To Be Completed by Petitioners)*

**PETITIONERS NOTE:** Proposed City Delivery Routes should ordinarily serve Postal Service with safe and clean roads to be traveled on during delivery. The Postal Service does have the right stop delivery if the private boxes are not maintained or in good condition. Generally, changes in Mode of Delivery are not made to improve existing service, or to provide door-to-door curbside service, or service over private roads, driveways, or lanes.

Petitions to extend delivery services must be approved by the majority of homeowners in or near the proposed extension area. Therefore, the petition must contain signatures and addresses of 100% of the affected heads of households as a minimum. Petitions will not be accepted from any individuals/businesses not a part of the area considered for the extension.

When the petition has been completed, submit it to the postmaster of the office from which service is desired.

**TO: POSTMASTER**
